3.	Schedule, if any, for restarting the operations:	Operations of awarded contract is ongoing without interruptions and the vessel which is under drydock and modification will commence contract by end of Q2 FY 2020-21.
4.	Steps taken to ensure smooth functioning of operations:	The Company ensures smooth functioning of operations in full scale adhering to the government regulations and advisories from time to time in a continuous and planned manner. Necessary precautions taken to ensure hygiene, safety and well-being of employees.
